

Let the Good Ideas Flow.

Cryogenic / Gas / LNG / Water

At Mack Valves **we listen to our customers** and meet their needs by providing elegant <effective yet simple> solutions.

We achieve this as a result of our commitment to **R&D** and our **exceptional team**.

We live through our behaviours that listen to and promote talented people who are **adaptable** in all circumstances, **effective** in execution, and who remain **focused** on the company goal.

OUR MISSION

20 inch CL300
valve for oxygen
service
-Tata KPO India
2014

Oxygen Valves

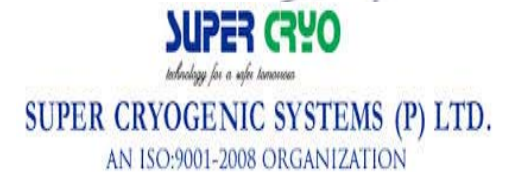

**OUR ENGINEERED
PRODUCT RANGE**

Our Customers

Credentials – Our Customers in India

IndianOil

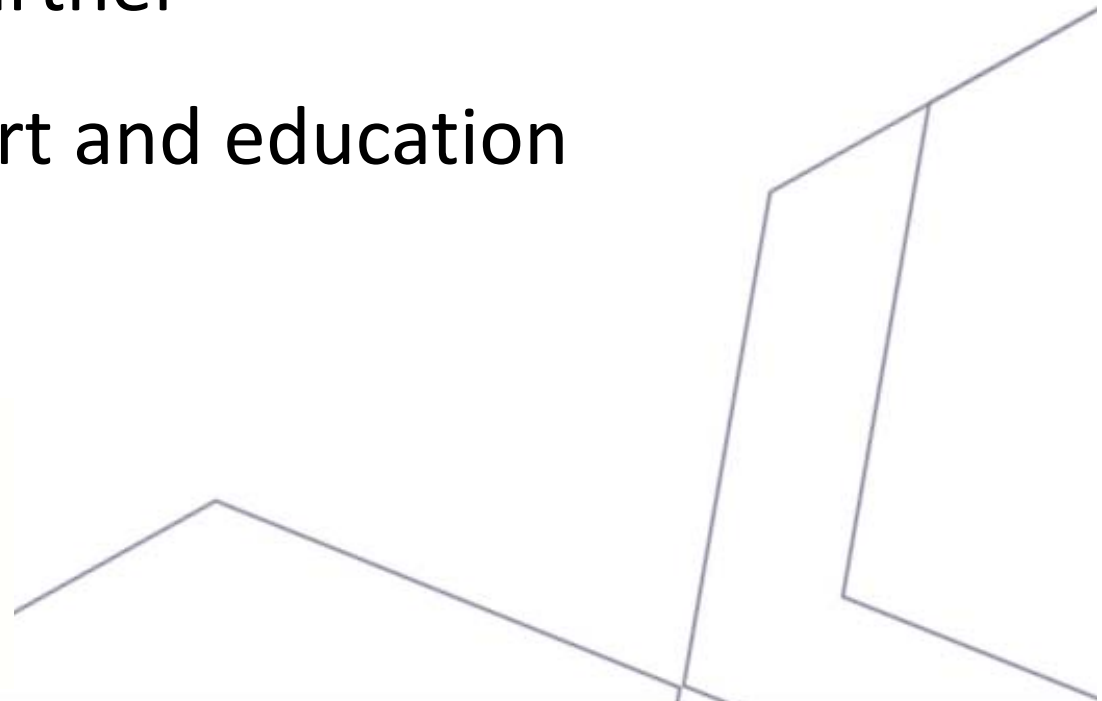

Let the Good Ideas Flow.
Cryogenic / Gas / LNG / Water
